What is Jasmy Secure PC Manager?

Jasmy Secure PC Manager is a website that displays a list of terminals running the Jasmy Secure PC Agent application and provides detailed information about each terminal.

- Display of operational status, application usage history, and file access history
- Operational Information History
- Creating Groups
- Alert settings
- Issue online commands
- QR Code Issuance
- Network History
- Network/Web browsing control settings
- Reset Password

2. recommended environment

We recommend using Jasmy Secure PC Manager in the following environment

If you use a browser in an environment other than the recommended environment, or if you use a browser in a recommended environment but your browser settings are not compatible with the recommended environment, you may need to change the browser settings.

Please note that some of the above may not be used correctly. Please understand.

Jasmy Incorporated

If you have any questions or inquiries, please contact Jasmy Corporation Support Desk (<https://dx.jasmy.co.jp/contact/>).

Recommended OS

- Windows 10 and Windows 11

(web) browser

- Microsoft Edge and Chrome

3. advance preparation

Jasmy Secure PC Manager must be prepared in advance by following these steps

1. Launch the application Jasmy Secure PC Agent

For information on how to install and start the application, please refer to the Jasmy Secure PC Agent User Manual

When you first launch Jasmy Secure PC Agent, you will be able to enter your "User Profile" by selecting your user email address in the upper right corner of the main screen (dashboard).

2. Select the three lines in the upper left corner of the main screen (dashboard) and select the "Startup Manager".

3. The Jasmy Secure PC Manager website opens.

Manager's email address and temporary password sent to you in advance by email (next page)

(see figure) and select the "Login" button

A screenshot of a web browser displaying the login page for 'Jasmy Secure PC Manager'. The browser's address bar shows the URL 'https://manager.jas...'. The page features a large heading 'Jasmy Secure PC Manager' in bold black text. Below this is a light gray box with the word 'login' centered at the top. Inside this box are two red-outlined input fields: the first is labeled 'Enter your registered email' and the second is labeled 'Enter temporary password'. Below these fields is a link that says 'If you forget your password' in orange text. At the bottom of the gray box is a prominent orange button with the word 'LOGIN' in black capital letters. The browser's top bar includes a 'Sign in' button with a user icon, and standard navigation icons like back, forward, and search.

Caution:

Temporary passwords are valid for **30** days **after receiving an email confirming completion of temporary registration.**

Please change your temporary password and password verification before the expiration date.

Jasmy Incorporated

Subject: Notice of provisional manager registration completion (Jasmy Incorporated)

body (of letter)

We are Jasmy Incorporated.

Thank you for applying for Jasmy Secure PC Manager.

Thank you for your patience, we are pleased to inform you that the provisional registration has been completed.

Please read the operations manual before use.

Currently, it is in a state of provisional registration.

To complete this registration, please follow the below.

■ Your registered email address

securepc.sample.v****@****.***

■ Temporary password

qRWHarIM

*The temporary password is valid for 30.

Please change your password within the period.

You will need your registered email address and temporary password when you log in for the first time.

Please remember to keep them safely.

<Preparations for using Jasmy Secure PC Manager>

1. Install Jasmy Secure PC Agent PRO.

*For installation instructions, please refer to the email sent to you when you applied for Jasmy Secure PC Agent PRO (Subject: Notice of Download Information and Completion of Temporary Registration (Jasmy Incorporated)).

2. Launch Jasmy Secure PC Agent PRO and select the "Startup Manager" button.

3. Jasmy Secure PC Manager will launch automatically.

4. You will then be prompted to change your password on the password change screen.

Please set a new password with at least 8 characters, including a combination of letters, numbers, and symbols.

The following special characters are supported:

^ \$ * . [] { } () ? " ! @ # % & / \ , > < ' : ; | _ ~ ` = + -

* You cannot use Jasmy Secure PC Manager with a temporary password.

Please ensure to change the password before use.

This completes the preparations for using "Jasmy Secure PC Manager".

*If you need assistance with installation or password changes, please contact your company's designated system administrator.

4. The password initialization screen will appear.

Enter the temporary password sent to you in advance by email at and then enter your new password at. Enter the temporary password that was emailed to you in advance, then enter your new password at and select the "login" button.

*Please enter a new password that is at least 8 characters long. We recommend using a combination of letters, numbers, and symbols. The special symbols that can be used are (^ \$ * . [] { } () ? " ! @ # % & / \ , > < ' : ; | _ ~ ` = + -) _.

The screenshot shows a web browser window with the title "Password default settings | Jasmy". The address bar shows the URL "https://manager-v2.global.jasmy-...". The main heading is "Jasmy Secure PC Manager". Below it is a form titled "Password default settings". The form contains a text input field with the placeholder "xxxxxxxxx@example.com". Below this is a red-bordered box containing a text input field with the placeholder "temporary password *". Below the input field is a paragraph of text: "Please enter a password with at least 8 characters. A combination of letters, numbers, and symbols is recommended. Allowed special characters: (^ \$ * . [] { } () ? \" ! @ # % & / \ , > < ' : ; | _ ~ ` = + -) _." Below the text is another text input field with the placeholder "New Password *". At the bottom of the form is an orange button labeled "PASSWORD DEFAULT SETTINGS".

Caution:

If you do not authenticate and reset your temporary password, you will not be able to use Jasmy Secure PC Manager.

Please be sure to perform temporary password authentication and password resetting (steps 3 and 4)

5. Read the Jasmy SecurePC End User License Agreement and check the " I accept the End User License Terms of Jasmy Secure PC." checkbox at the bottom of the screen.
6. Select the "GET STARTED" button.

7. Jasmy Secure PC Manager is ready and ready to use.

Caution:

Immediately after startup, the users being managed (users using the Jasmy Secure PC Agent application) are empty.

Refer to "[5.2. Adding Managed Users](#)" to add users to be managed and use the system.

4. activation method

Open the Jasmy Secure PC Manager website by following the steps below

1. Launch Jasmy Secure PC Agent

For details on how to start the application, please refer to the Jasmy Secure PC Agent operating instructions.

2. Select the three lines in the upper left corner of the main screen (dashboard) and select the "Startup Manager" .

3. Jasmy Secure PC Manager website will open

4. Enter your registered email address and the password you changed in the preparation step, then select the "Login" button.

The screenshot shows a web browser window with the title "login | Jasmy Secure PC Manager". The address bar displays "https://manager.jas...". The page content features the heading "Jasmy Secure PC Manager" in a large, bold, black font. Below this, there is a light gray rounded rectangle containing the word "login" in a medium-sized black font. Underneath "login", there are two white input fields with gray borders. The first field is labeled "Email Address *" and the second is labeled "Password *". Below the password field, there is a link that says "If you forget your password" in a smaller, orange font. At the bottom of the gray box is a wide, orange button with the word "LOGIN" in black, uppercase letters. The browser's toolbar includes a "Sign in" button with a user icon, navigation arrows, a refresh button, and various extension icons.

5. The Home screen will appear and you can use Jasmy Secure PC Manager

5. method of use

5.1. how to view the home screen

The Home screen displays the following items

➤ Menu ((1))

- ✧ Home
- ✧ user

For more information, see "[5.5. Viewing the List of Managed Users](#)"

- ✧ group (usu. of people)

For more information, see "[5.18. Group Displaying](#)"

- ✧ PC

For details, see "[5.25. Managed PCsDisplaying the List of](#)" for more information.

➤ Currently logged in administrator account ((2))

<pull-down list>.

- Manager's email address
- Language Settings
- FAQ
- End User License Agreement
- Logout

➤ Transition history list (③)

The transition history of the screen is displayed, and you can return to the original screen by selecting the transition history (link).

➤ Home (④)

(i) Number of users

Show the number of users you are managing.

Link to User List

(ii) Number of groups

Show the number of groups created.

Link to group list.

(iii) Number of PCs

Show the number of PCs managed.

Link to PC List

➤ Version information (⑤)

You can check the version in the lower right corner of the home screen.

5.2 Adding Administrative Users

1. Select "Users" in the menu on the left of the home screen, or "Number of users" in the home.

2. Select the "Add User" button from the user list screen.

<List view>

The user list can be displayed in "list view" or "card view" (see next page).

(The first time it is started, it is displayed as a "list view".)

See “5.5. displaying the list of users under management” for more information on this topic.

<Card view>

3. On the Add User screen, enter the email address of the user you wish to add into the input form and select the "Send Request" button.

Jasmy Secure PC Manager

User list > Add User

Add User

You can submit a request for additional admin users.
If it is approved by the sender, it will be added as an administrative user under this manager and the information can be confirmed from the user list
For importing CSV file, please just enter a single email address on every new line.

user01@example.com
user02@example.com

ADD DESTINATION READ CSV FILE

User's email address to be added

xxxxxxxx@example.com DELETE

SEND REQUEST

ADD FORCIBLY

If an email address is entered that is not in the format of an email address, a message will be displayed below the input field and the "Send Request" button will not be selectable.

4. Confirm that the user's email address displayed in the confirmation dialog is correct and select the "Send request to user" button

At this time, a request email is sent to the user with the email address entered.

For more information, please refer to the Jasmy Secure PC Agent operating instructions.

5. If the user who sent the request approves, the user will be added to the user list.

➤ Message (①)

- ✧ If the request was successfully sent: "Sent user additional request."
Even if there are multiple successful email addresses, one message will be displayed at a time.
- ✧ If the request fails to be sent: Display a message corresponding to the content of the error.
If it fails, a message corresponding to the error content is displayed.

➤ E-mail address at which the request was sent (②)

The email address you sent your request will be displayed.

If you wish to register multiple users at once, there are two methods.

- How to do this by adding a destination
- How to read email addresses from a CSV file

< How to do this by adding a destination.

① Select the "Add destination" button on the "Add user" screen.

The screenshot shows the 'Add User' screen in the 'Jasmy Secure PC Manager' application. The interface has a sidebar on the left with navigation links: Home, Users, Groups, and PCs. The main content area is titled 'Add User' and includes a breadcrumb 'User list > Add User'. Below the title, there is a text box containing two email addresses: 'user01@example.com' and 'user02@example.com'. Below this, there are two buttons: 'ADD DESTINATION' (highlighted with a red box) and 'READ CSV FILE'. Below these buttons is a text input field with the placeholder 'User's email address to be added' and the text 'xxxxxxxxxxxxxx@example.com'. To the right of the input field is a 'DELETE' button. At the bottom of the form, there are two large orange buttons: 'SEND REQUEST' and 'ADD FORCIBLY'.

- ② Add the number of email address forms for the number of users you wish to add, enter the email addresses for each form, and then select the "Send Request" button.

The screenshot shows the 'Add User' page in the 'Jasmy Secure PC Manager'. The page has a sidebar with navigation links: Home, Users, Groups, and PCs. The main content area is titled 'Add User' and includes instructions for adding admin users. Below the instructions, there is a text input field containing two example email addresses: 'user01@example.com' and 'user02@example.com'. There are two buttons: 'ADD DESTINATION' (orange) and 'READ CSV FILE' (blue). Below these buttons is a table with three rows, each containing a text input field labeled 'User's email address to be added' and a red 'DELETE' button. The word 'input' is written in red over the middle row. At the bottom of the page is a large orange 'SEND REQUEST' button.

If you want to delete an input form, select the "Delete" button on the right side of the form.

If the "Delete" button is grayed out and cannot be pressed, select the "Add destination" button again, and when the "Delete" button can be pressed Select the "Delete" button for the line you wish to delete.

- ③ Confirm that the user's email address displayed in the confirmation dialog is correct and select the "Send request to user" button.

<How to read email addresses from a CSV file.

- ① On the Add User screen, select the " Read CSV file" button.

Jasmy Secure PC Manager

User's email address to be added
xxxxxxxxxxxxx@example.com DELETE

SEND REQUEST

ADD FORCIBLY

2. Confirm that the user's email address displayed in the confirmation dialog is correct and select the "Add forcibly" button

3. The user is forcibly added to the user list.

➤ Message (①)

- ✧ Successful submission: "Forcefully added user."

Even if there are multiple email addresses added, a single message will be displayed at a time.

- ✧ If the transmission fails: Display a message according to the content of the error.

If it fails, a message corresponding to the error content is displayed.

➤ E-mail address with which you sent the transmission (②)

The email address you sent will be displayed.

5.4 . Delete a managed user

1. Select "Users" in the menu on the left of the home screen, or "Number of users" in the home.

2. From the list view of the user list, check the checkboxes of the users you wish to delete.

square bearing block (at the top of a pillar)

<List View>

Deletion of managed users can only be performed on the "List View" screen of the "User List" at

3. Select the "Delete" button

4. When the "Delete User" dialog box appears, confirm that the username and email address are correct and click "Delete", Select the "Delete" button in the dialog.

※ Deletion here only means that the user is removed from the list of managed users, not that the user is deleted.

- 5. To delete all users at once, select the check box at the top of the "User List (List View)" screen

6. Select the "Delete" button

7. The "Delete User" dialog box will appear.

Select the "Delete" button in the dialog.

5.5 . Display of list of users under management

In Jasmy Secure PC Manager there are two user list display modes: "List view" and "Card view"

If the display mode is changed, it will remain in the "list display" mode from the next time onward.

<List view >

1. Select "Users" in the menu on the left of the home screen or "Number of users" in the home

2. The list view displays a list of users who are managed by the currently logged in administrator, and the list of users who are managed by the currently logged in administrator is displayed in the list view.

For more information, see "[5.10. Agent Settings for Managed Users](#)" for more information.

➤ User profile (⑦)

(i) Username

Displays the user name that you are managing.

(ii) Employee No.

Displays the employee No. of the user being managed.

(iii) Affiliation Name

Displays the affiliation name of the user being managed.

(iv) Email address

Displays the email addresses of the users you are managing.

(v) Label

Displays the text set for the user.

(vi) Operating hours

Displays the uptime of managed users.

User profiles can be edited

For details, see “5.9. Editing the Profile of a User Under Management”.

5.9 . Edit profiles of managed users

1. Select "Users" in the menu on the left of the home screen or "Number of users" in the home

- 2. Select the username for which you wish to configure agent settings from the user list

<List View>

<Card View>

3. Displays a list of PCs used by the selected user

Select the "Edit User" button

4. The "Edit User Profile" screen will appear.

The screenshot shows the 'Edit User Profile' dialog box in the Jasmy Secure PC Manager. The dialog box is titled 'Edit User Profile' and contains a warning message: '※ It may take some time to update.' Below the warning, there are several input fields for user information:

- Full Name:** Two input fields for 'Family Name' (Kobayashi) and 'First Name' (Ayaka).
- Full Name (kana):** Two input fields for 'Family Name (kana)' (Kobayashi) and 'First Name (kana)' (Ayaka).
- Employee Number:** A single input field containing '40000069F'.
- Belong to:** A single input field containing 'Human Resources Department'.
- Label:** A single input field containing 'HR'.

At the bottom of the dialog box, there are two buttons: 'CANCEL' and 'APPLICABLE TO'. The 'APPLICABLE TO' button is highlighted with a red border.

You can edit the following items.

- ✧ identity
- ✧ Name (Kana)
- ✧ employee number
- ✧ belong to
- ✧ Label.

5. When you are done editing, select the "Applicable to " button

5.10 . agent settings for managed users

1. Select "Users" in the menu on the left of the home screen or "Number of users" in the home.

- 2. Select the username for which you wish to configure agent settings from the user list.

3. Select the name of the PC to which you want to issue the online command.

4. Select "issue command".

5. Displays the command issue screen

6. Select the command to issue

The screenshot displays the 'Jasmy Secure PC Manager' interface. The breadcrumb trail is 'User list > Ayaka Kobayashi > WPL-WC02 > Command'. The main heading is 'WPL-WC02'. On the left sidebar, 'Command issue' is selected. The 'Command issue' form includes a 'Target User' button, 'User Name' (Ayaka Kobayashi), 'Computer Name' (WPL-WC02), and a 'Target' dropdown menu. The dropdown menu is open, showing four options: 'USB Storage', 'USB Storage', 'Ghost Drive', and 'Screen locked'. Below the dropdown is the 'Operation' field. The 'Applicable date range' is set to '2024/11/17 14:50:10 ~ 2024/11/17 14:50:10'. At the bottom, there are two buttons: 'SEND COMMAND' and 'QR CODE GENERATION'.

<Commands that can be selected.

➤ USB Storage

USB storage can be set to ON or OFF

➤ Ghost drive

Ghost drive use can be set to ON or OFF

➤ Screen lock

Screen lock can be turned on/off for the specified device

7. Select the operation (ON/OFF) for the target command selected in step 6.

The screenshot displays the 'Jasmy Secure PC Manager' web application. The left sidebar contains navigation links: Home, Users, Groups, and PCs. The main content area shows a breadcrumb trail: User list > Ayaka Kobayashi > WPL-WC02 > Command. Below this, the title 'WPL-WC02' is displayed. The 'Command issue' section is active, featuring a 'Target User' button and a 'User Name' field with 'Ayaka Kobayashi'. The 'Computer Name' field is set to 'WPL-WC02'. The 'Target' dropdown menu is open, showing 'USB Storage'. The 'Operation' dropdown menu is also open, showing 'ON' and 'OFF' options, with 'ON' selected. The 'Applicable date range' field is empty. At the bottom, there are two buttons: 'SEND COMMAND' and 'QR CODE GENERATION'.

8. Set the scope of application.

Please remember to select the "OK" button after making changes.

9. Set the start/end time of application

Select the time portion of the "Applicable date and time range" and enter the time you wish to specify.

QR CODE GENERATION

11. Online command will be issued

The screenshot displays the 'Command issue' page in the Jasmy Secure PC Manager. The left sidebar contains navigation links: Home, Users, Groups, and PCs. The main content area has a sub-menu with Dashboard, Operation history, Command issue (highlighted), and Search Log. The 'Command issue' form includes the following fields and controls:

- Target User:** A button to select the user, currently showing 'Ayaka Kobayashi'.
- Computer Name:** A text field showing 'WPL-WC02'.
- Target:** A dropdown menu currently set to 'USB Storage'.
- Operation:** A dropdown menu currently set to 'ON'.
- Applicable date range:** A date and time range selector showing '2024/11/03 17:31:33 ~ 2024/11/03 17:43:33'.
- Buttons:** 'SEND COMMAND' (grey) and 'QR CODE GENERATION' (orange).
- Notification:** A green bar at the bottom left indicates 'command sent' with a close icon.

At this time, the online command is sent to the specified terminal and executed.

In steps 8 and 9, you set the start date and time for the application, but in reality, the start date and time is when the command is sent.

If you delete a user under your control, you cannot cancel commands that have already been issued.

Screen Lock: The OFF command can be issued but will not be executed.

5.14 . QR Code Issuance

1. Go online to and select the user you want to issue the command to with a QR code

Select "Users" in the menu on the left of the home screen, or "Number of users" in the home.

2. Select the user name for which you want to issue the QR Code from the list of users

<Card View>

3. Select the name of the PC for which you want to search logs

4. Select "Log Search

5. The log search screen will appear.

6. Select the " Download Operation Log " button

7. Select in the "Download Activity Log" dialog box

8. Select the date you want to download the log from the calendar and select the "Confirm" button.

9. Select the "Download" button

10. Download is complete

5.17 . Create a group

1. Select "Groups" from the menu on the left of the home screen, or " number of groups" in the home

2. Select the " Create Group" button in the group list

3. Enter the name of the group you wish to create (up to 50 characters) in the Group Name box on the Create Group screen.

The screenshot shows the 'Create Group' interface of the 'Jasmy Secure PC Manager'. The top navigation bar is orange and contains the text 'Jasmy Secure PC Manager' and a user profile icon. A left sidebar contains icons for 'Home', 'Users', 'Groups', and 'PCs'. The main content area is titled 'Create Group' and includes the following sections:

- Group name:** A text input field containing 'test1', which is highlighted with a red rectangular box.
- Member:** A section with a header 'ADD THE USER TO THE LIST' and a placeholder text 'Please add a user'.
- Operating:** A section for 'Working Hours' with two time pickers. The first picker shows '09' hours and '00' minutes, and the second shows '18' hours and '00' minutes, separated by a tilde (~).
- Notification:** A section with an 'ADD' button, a 'Status' dropdown set to 'Operating', and a time picker showing '09' hours and '00' minutes. Below this are buttons for the days of the week: MON, TUE, WED, THU, FRI, SAT, SUN, and a red 'DELETE' button.
- Allowed Applications:** A section with a dropdown menu currently showing 'Windows' and a count of '0'.

4. Select the "Add the user to the list" button

The screenshot shows the 'Create Group' form in the 'Jasmy Secure PC Manager' application. The interface has a sidebar with navigation links: Home, Users, Groups, and PCs. The main content area is titled 'Create Group' and includes the following sections:

- Group name:** A text input field containing 'test1'.
- Member:** A section with a red-bordered box containing the text 'ADD THE USER TO THE LIST'. Below this box is a placeholder text 'Please add a user'.
- Operating:** A section for setting working hours and notification status.
 - Working Hours:** Two time pickers. The first is set to 09:00 and the second to 18:00, separated by a tilde (~).
 - Notification:** A section with a status dropdown set to 'Operating' and a red 'DELETE' button.
- Allowed Applications:** A section with a dropdown menu set to 'Windows' and a blue circular icon with a plus sign.

The "Add user to list" dialog box will appear and will display the name of the user you are managing , add them to the group and pressSelect the "Add" button for the user you want to add

When you have made your selection, select the "Close" button

5. When the members you wish to add appear on the group creation screen, click the "Create" button at the bottom of the screen.

Select a tan

The screenshot shows the 'Create Group' interface. A red box highlights the 'Member' section, which lists three users: KaKazuya Suzuki, yoko tanabe, and Ayumi Sasazuka, each with a 'REMOVE' button. Another red box at the bottom highlights the 'CREATE' button.

6. A group will be created

The screenshot shows the 'Group List' interface. A red box highlights the first row of the table, which contains the group 'test1'.

Group name	Updated date	Number of people
test1	2024/11/10 10:16:35	3

5.18 . Display of group list

1. In the menu on the left of the home screen, select " Groups" or "Number of groups" in the home

2. A list of groups will be displayed.

➤ Group name search box (①)

You can search for a group by entering the group name

➤ Group name (②)

Displays the name of the group being managed

Operating hours of the day (since the Secure PC was activated) are shown.

5.20 . Adding members to a group

1. Select "Groups" from the menu on the left of the home screen, or "Number of groups" in the home

suffix used after a particle to negate a verb in the non-past tense
square bearing block (at the top of a pillar)

- 2. Select the name of the group to which you want to add a member, which is displayed in the Groups

3. Select the "Add Member" tab from the group's member list

<List View>

<Card View>

4. The Add Member screen will appear.

The screenshot displays the 'Jasmy Secure PC Manager' interface. On the left is a sidebar with navigation links: Home, Users, Groups, and PCs. The main content area shows the breadcrumb 'Group list > test1 > Add' and the group name 'test1'. Below this, there are three tabs: 'MEMBER LIST', 'SETUP', and 'ADD MEMBER', with 'ADD MEMBER' being the active tab. The 'ADD MEMBER' tab contains an 'ADD A FORM' button, a 'User' dropdown menu, a 'DELETE' button, and a large orange 'CONFIRM' button at the bottom.

5. Select the "Users" box and select the member you wish to add from the list of user emails displayed.

Select your email address in the bar

6. Select the email address of the member you wish to add from the list and select the "Confirm" button.

The screenshot shows the 'Jasmy Secure PC Manager' interface. The top navigation bar is orange with the title 'Jasmy Secure PC Manager' and a user profile icon. The left sidebar contains icons for 'Home', 'Users', 'Groups', and 'PCs'. The main content area is titled 'test1' and shows a breadcrumb trail 'Group List > test1 > Add'. Below the title are tabs for 'MEMBER LIST', 'SETUP', and '+ ADD MEMBER'. The 'MEMBER LIST' tab is active, displaying a list of users: 'user01@example.com' and 'user02@example.com'. Below the list is an 'ADDED MEMBER INPUT FIELD' and a 'REGISTER MEMBERS IN CSV FILE' button. A dropdown menu shows 'Jasmin Jasmy, xxxxxxxx@example.com' with a 'DELETE' button next to it. At the bottom, a large orange 'CONFIRM' button is highlighted with a red rectangle.

7. When a confirmation screen appears, select the "Add user" button

8. Members are added to the group

➤ Message ((1))

If the request was successfully sent: "You have requested to register a user under your control."

Even if there are multiple successful email addresses, one message will be displayed at a time

➤ E-mail address at which the request was sent ((2))

Showing the email address where the request was sent.

<Add multiple members at once>.

- 1. Display the Group List screen and select the name of the group to which you wish to add members.

2. Select the "Add Member" tab of the group to which you want to add a member

3. Add the members you want to add to the form.

There are two ways to add members.

- A) Add a form (member input field) and proceed.
- B) Import email addresses from a CSV file.

A) Add a form (member input field) and proceed

Click the “ADDED MEMBER INPUT FIELD” button for the number of members you want to add and add the form (member input field).

The screenshot shows the 'Jasmy Secure PC Manager' interface. The left sidebar contains navigation links: Home, Users, Groups, and PCs. The main content area is titled 'test1' and shows the 'MEMBER LIST' tab. Below the tab, there is a text area for adding users, followed by a list of input fields for user emails. The 'ADDED MEMBER INPUT FIELD' button is highlighted with a red box. To the right of each input field is a 'DELETE' button. At the bottom of the form is a 'CONFIRM' button.

To delete a form, select the "Delete" button on the right side of the form.

An email address input field will be added, select the input field, and choose an email address from the list.

The screenshot shows the 'Jasmy Secure PC Manager' interface. The left sidebar contains navigation links: Home, Users, Groups, and PCs. The main content area is titled 'test1' and shows a 'MEMBER LIST' tab. Below the tab, there is a text area for adding users and a list of existing members. A red box highlights the 'CONFIRM' button at the bottom of the member list.

☐	KaKazuya Suzuki	xxxxxxxxx@example.com	16 day non-operating	HR	No operation
☐	yoko tanabe	xxxxxxxxx@example.com	64 day non-operating	PR	No operation

<Card View>

4. Displays the settings screen

The following 8 items can be set here

- basic setting
- Application
- URL
- network
- Title.
- IP address
- Availability
- Start of operation

Select the tab for the item you want to set and set each item

After setting, be sure to select the "Apply" button at the bottom of the screen.

- basic setting

You can delete groups and add/remove administrators

*Difference between owner and administrator

The owner refers to the Manager account user who created the group.

The administrator refers to the Manager account user who has been granted permission by the owner to view and edit information related to the group.

The functions that the owner and administrator can perform in the group are as follows.

Functions	Owner	administrator
Changing the group name	✓	✓
Deleting a group	✓	
Referencing group member information	✓	✓
Editing group member information	✓	✓
Adding/removing members from a group	✓	✓ *1
Adding/deleting administrators	✓	

*1: For adding, both the owner and administrator must be registered users.

➤ Application

Configure which applications are allowed to be used by users in managed groups

Immediately after switching tabs, each application item is closed.

Select the application name, open the item, and check the applications you want to allow use of.

I'm in.

<ItemClose state>.

<Item Open State>.

Check the applications you want to allow

<If you want to add an item to the "Others" field

- ① Select the "Edit" button on the far right of the others

② Other Permitted Applications dialog will appear

Enter the application name and exe name and select the " APPLICABLE TO" button

➤ URL

Enter the URL to deny access and select the "APPLICABLE TO" button

Select the "Add" button (①) to add an input field

To delete an entry field, select the "Delete" button (②).

➤ network

Set the networks you want to allow and select the " APPLICABLE TO " button

Three types of networks can be configured

- ✧ Intra-office network (SSID)
- ✧ Home network (SSID)
- ✧ Office VPN

Select the "Add" button (①) to add an input field

To delete an entry field, select the "Delete" button (②).

Once the network is configured by Jasmy Secure PC Manager, it will be managed by Jasmy Secure PC Manager even if the network is subsequently configured by Jasmy Secure PC Agent or Jasmy Secure PC Agent DR.

If Jasmy Secure PC Agent connects to a network (SSID) other than the specified network (SSID), the manager will be notified by email (This feature is optional. Please contact sales@jasmy.co.jp if you would like this option).

Please enter the correct SSID name and VPN name. Please make sure to enter the SSID name in upper- and lower-case letters. If you do not enter the correct name, Jasmy Secure PC Agent will display the message “Current network requires attention” even if it connects to the specified Office Wifi and Office VPN, and the manager who has set up the option will receive an email.

➤ Title.

Enter the title you want to deny access to and select the " APPLICABLE TO " button

Select the "Add" button (①) to add an input field

To delete an entry field, select the "Delete" button (②).

➤ IP address

Enter the IP addresses you want to allow / deny and select the "APPLICABLE TO" button

Select the "Add" button (①) to add an input field

To delete an entry field, select the "Delete" button (②).

➤ Availability

Here you can set up work hours and time-specific notifications

✧ Working hours ((1))

Set the working hours of the group.

✧ Time-specified notice ((2))

Time and day to check one of the four statuses (active, rest, away, or inactive)

Set the date

After the above settings, select the "APPLICABLE TO" button

To add an entry field, select the "Add a notice" button ((3)).

To delete an entry field, select the "Delete" button ((4)).

➤ Start of operation

Sets the days of the week that users in the group will operate

If you set this up, a notification email will be sent when the start of operation is confirmed for each user on the day of the week they are scheduled to operate.

After setting the user (①) and operating day (②), select " APPLICABLE TO " button

To add an entry field, select the " Add a notice" button (③)

To delete an entry field, select the "Delete" button (④).

Select the " APPLICABLE TO " button in each tab to complete the alert configuration.

Notify managers via email when users under their control violate their preferences

5.23 . Removing members from a group

1. From the menu on the left of the home screen, select " Groups " , or " Number of groups " in the home

2. Select the name of the group with the user you wish to delete

3. The list screen of the group member list is displayed at , and the check box of the user you want to delete is displayed. Check the "x" box.

<List View>

Deleting a group member can be done only in the "List view" of the "Group member list" screen.

4. After checking the users you want to remove from the group, select the "Delete" button

5. The Delete User dialog will appear. Make sure you have the correct user to delete and click on the Select the "DELETE" button

6. the selected user will be removed from the selected group

Deletion here is only from the group, not from the managed users.

5.24 . Delete group

*When deleting a group, When deleting a group, make sure that all alert settings
When deleting a group, make sure that all alert settings are removed before deleting.

You should go.

1. From the menu on the left of the home screen, select " Groups " , or " Number of groups " in the home

2. Select the name of the group you wish to delete

3. When the list of group members appears, select the " settings" tab

<List View>

The screenshot displays the 'Jasmy Secure PC Manager' interface. On the left is a sidebar with navigation links: Home, Users, Groups, and PCs. The main content area is titled 'Group list > test1' and 'test1'. Below this, there are tabs for 'MEMBER LIST' (selected), 'SETUP' (highlighted with a red box), and '+ ADD MEMBER'. The 'MEMBER LIST' tab contains buttons for 'EDIT', 'DELETE', 'UPDATE MEMBER INFORMATION IN A FILE', and 'DOWNLOAD MEMBER INFORMATION'. There are also input fields for 'Name' and 'Status', and a 'DISPLAY INFORMATION SELECTION' button. Below these is a table with columns: Name, Email Address, Status, Label, and Today's operating hours. The table lists three members: Ayumi Sasazuka, KaKazuya Suzuki, and yoko tanabe. At the bottom, there is a pagination bar showing 'Rows per page 10' and '1 - 3 out of 3'.

☐	Name ↑	Email Address	Status	Label	Today's operating hours
☐	Ayumi Sasazuka	xxxxxxxxx@example.com	58 day non-operating	ACCG	No operation
☐	KaKazuya Suzuki	xxxxxxxxx@example.com	16 day non-operating	HR	No operation
☐	yoko tanabe	xxxxxxxxx@example.com	64 day non-operating	PR	No operation

<Card View>

4. Select the "delete group" button to the right of the group name in the settings screen

When deleting a group, make sure that all [alert settings](#) are removed before deleting the group.

5. The Delete Group dialog will appear, make sure the delete group is correct, and click on the "Delete" button

6. the selected group will be removed from the group list

5.25 . Display of list of PCs under management

1. Select "PC" in the menu on the left of the home screen, or "Number of PCs" in the home

- The list of PCs managed by the currently logged-in administrator will be displayed.

Computer Name	Product Name	CPU	Last Modified Date	Last User	Detail

8. OSS Licenses

This application includes modules under the following OSS licenses.

•Apache License 2.0

Apache License
Version 2.0, January 2004
<http://www.apache.org/licenses/>

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including

the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 - (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of

the Derivative Works; and

- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

- 5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
- 6. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
- 7. **Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
- 8. **Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a

result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

•CC0 1.0 Universal

CREATIVE COMMONS CORPORATION IS NOT A LAW FIRM AND DOES NOT PROVIDE LEGAL SERVICES. DISTRIBUTION OF THIS DOCUMENT DOES NOT CREATE AN ATTORNEY-CLIENT RELATIONSHIP. CREATIVE COMMONS PROVIDES THIS INFORMATION ON AN "AS-IS" BASIS. CREATIVE COMMONS MAKES NO WARRANTIES REGARDING THE USE OF THIS DOCUMENT OR THE INFORMATION OR WORKS PROVIDED HEREUNDER, AND DISCLAIMS LIABILITY FOR DAMAGES RESULTING FROM THE USE OF THIS DOCUMENT OR THE INFORMATION OR WORKS PROVIDED HEREUNDER.

Statement of Purpose

The laws of most jurisdictions throughout the world automatically confer exclusive Copyright and Related Rights (defined below) upon the creator and subsequent owner(s) (each and all, an "owner") of an original work of authorship and/or a database (each, a "Work").

Certain owners wish to permanently relinquish those rights to a Work for the purpose of contributing to a commons of creative, cultural and scientific works ("Commons") that the public can reliably and without fear of later claims of infringement build upon, modify, incorporate in other works, reuse and redistribute as freely as possible in any form whatsoever and for any purposes, including without limitation commercial purposes. These owners may contribute to the Commons to promote the ideal of a free culture and the further production of creative, cultural and scientific works, or to gain reputation or greater distribution for their Work in part through the use and efforts of others.

For these and/or other purposes and motivations, and without any expectation of additional consideration or compensation, the person associating CC0 with a Work (the "Affirmer"), to the extent that he or she is an owner of Copyright and Related Rights in the Work, voluntarily elects to apply CC0 to the Work and publicly distribute the Work under its terms, with knowledge of his or her Copyright and Related Rights in the Work and the meaning and intended legal effect of CC0 on those rights.

1. Copyright and Related Rights. A Work made available under CC0 may be protected by copyright and related or neighboring rights ("Copyright and Related Rights"). Copyright and Related Rights include, but are not limited to, the following:

- i. the right to reproduce, adapt, distribute, perform, display, communicate, and translate a Work;
- ii. moral rights retained by the original author(s) and/or performer(s);
- iii. publicity and privacy rights pertaining to a person's image or likeness depicted in a Work;
- iv. rights protecting against unfair competition in regards to a Work, subject to the limitations in paragraph 4(a), below;
- v. rights protecting the extraction, dissemination, use and reuse of data in a Work;
- vi. database rights (such as those arising under Directive 96/9/EC of the European Parliament and of the Council of 11 March 1996 on the legal

protection of databases, and under any national implementation thereof, including any amended or successor version of such directive); and

- vii. other similar, equivalent or corresponding rights throughout the world based on applicable law or treaty, and any national implementations thereof.

2. Waiver. To the greatest extent permitted by, but not in contravention of, applicable law, Affirmer hereby overtly, fully, permanently, irrevocably and unconditionally waives, abandons, and surrenders all of Affirmer's Copyright and Related Rights and associated claims and causes of action, whether now known or unknown (including existing as well as future claims and causes of action), in the Work (i) in all territories worldwide, (ii) for the maximum duration provided by applicable law or treaty (including future time extensions), (iii) in any current or future medium and for any number of copies, and (iv) for any purpose whatsoever, including without limitation commercial, advertising or promotional purposes (the "Waiver"). Affirmer makes the Waiver for the benefit of each member of the public at large and to the detriment of Affirmer's heirs and successors, fully intending that such Waiver shall not be subject to revocation, rescission, cancellation, termination, or any other legal or equitable action to disrupt the quiet enjoyment of the Work by the public as contemplated by Affirmer's express Statement of Purpose.

3. Public License Fallback. Should any part of the Waiver for any reason be judged legally invalid or ineffective under applicable law, then the Waiver shall be preserved to the maximum extent permitted taking into account Affirmer's express Statement of Purpose. In addition, to the extent the Waiver is so judged Affirmer hereby grants to each affected person a royalty-free, non transferable, non sublicensable, non exclusive, irrevocable and unconditional license to exercise Affirmer's Copyright and Related Rights in the Work (i) in all territories worldwide, (ii) for the maximum duration provided by applicable law or treaty (including future time extensions), (iii) in any current or future medium and for any number of copies, and (iv) for any purpose whatsoever, including without limitation commercial, advertising or promotional purposes (the "License"). The License shall be deemed effective as of the date CC0 was applied by Affirmer to the Work. Should any part of the License for any reason be judged legally invalid or ineffective under applicable law, such partial invalidity or ineffectiveness shall not invalidate the remainder of the License, and in such case Affirmer hereby affirms that he or she will not (i) exercise any of his or her remaining Copyright and Related Rights in the Work or (ii) assert any associated claims and causes of action with respect to the Work, in either case contrary to Affirmer's express Statement of Purpose.

4. Limitations and Disclaimers.

- a. No trademark or patent rights held by Affirmer are waived, abandoned, surrendered, licensed or otherwise affected by this document.
- b. Affirmer offers the Work as-is and makes no representations or warranties of any kind concerning the Work, express, implied, statutory or otherwise, including without limitation warranties of title, merchantability, fitness for a particular purpose, non infringement, or the absence of latent or other defects, accuracy, or the present or absence of errors, whether or not discoverable, all to the greatest extent permissible under applicable law.
- c. Affirmer disclaims responsibility for clearing rights of other persons that may apply to the Work or any use thereof, including without limitation any person's

Copyright and Related Rights in the Work. Further, Affirmer disclaims responsibility for obtaining any necessary consents, permissions or other rights required for any use of the Work.

- d. Affirmer understands and acknowledges that Creative Commons is not a party to this document and has no duty or obligation with respect to this CC0 or use of the Work.

•Creative Commons Attribution 4.0 International Public License

By exercising the Licensed Rights (defined below), You accept and agree to be bound by the terms and conditions of this Creative Commons Attribution 4.0 International Public License ("Public License"). To the extent this Public License may be interpreted as a contract, You are granted the Licensed Rights in consideration of Your acceptance of these terms and conditions, and the Licensor grants You such rights in consideration of benefits the Licensor receives from making the Licensed Material available under these terms and conditions.

Section 1 – Definitions.

- a. **Adapted Material** means material subject to Copyright and Similar Rights that is derived from or based upon the Licensed Material and in which the Licensed Material is translated, altered, arranged, transformed, or otherwise modified in a manner requiring permission under the Copyright and Similar Rights held by the Licensor. For purposes of this Public License, where the Licensed Material is a musical work, performance, or sound recording, Adapted Material is always produced where the Licensed Material is synched in timed relation with a moving image.
- b. **Adapter's License** means the license You apply to Your Copyright and Similar Rights in Your contributions to Adapted Material in accordance with the terms and conditions of this Public License.
- c. **Copyright and Similar Rights** means copyright and/or similar rights closely related to copyright including, without limitation, performance, broadcast, sound recording, and Sui Generis Database Rights, without regard to how the rights are labeled or categorized. For purposes of this Public License, the rights specified in Section [2\(b\)\(1\)-\(2\)](#) are not Copyright and Similar Rights.
- d. **Effective Technological Measures** means those measures that, in the absence of proper authority, may not be circumvented under laws fulfilling obligations under Article 11 of the WIPO Copyright Treaty adopted on December 20, 1996, and/or similar international agreements.
- e. **Exceptions and Limitations** means fair use, fair dealing, and/or any other exception or limitation to Copyright and Similar Rights that applies to Your use of the Licensed Material.
- f. **Licensed Material** means the artistic or literary work, database, or other material to which the Licensor applied this Public License.

- g. **Licensed Rights** means the rights granted to You subject to the terms and conditions of this Public License, which are limited to all Copyright and Similar Rights that apply to Your use of the Licensed Material and that the Licensor has authority to license.
- h. **Licensor** means the individual(s) or entity(ies) granting rights under this Public License.
- i. **Share** means to provide material to the public by any means or process that requires permission under the Licensed Rights, such as reproduction, public display, public performance, distribution, dissemination, communication, or importation, and to make material available to the public including in ways that members of the public may access the material from a place and at a time individually chosen by them.
- j. **Sui Generis Database Rights** means rights other than copyright resulting from Directive 96/9/EC of the European Parliament and of the Council of 11 March 1996 on the legal protection of databases, as amended and/or succeeded, as well as other essentially equivalent rights anywhere in the world.
- k. **You** means the individual or entity exercising the Licensed Rights under this Public License. **Your** has a corresponding meaning.

Section 2 – Scope.

- a. **License grant.**
 - 1. Subject to the terms and conditions of this Public License, the Licensor hereby grants You a worldwide, royalty-free, non-sublicensable, non-exclusive, irrevocable license to exercise the Licensed Rights in the Licensed Material to:
 - A. reproduce and Share the Licensed Material, in whole or in part; and
 - B. produce, reproduce, and Share Adapted Material.
 - 2. Exceptions and Limitations. For the avoidance of doubt, where Exceptions and Limitations apply to Your use, this Public License does not apply, and You do not need to comply with its terms and conditions.
 - 3. Term. The term of this Public License is specified in Section [6\(a\)](#).
 - 4. Media and formats; technical modifications allowed. The Licensor authorizes You to exercise the Licensed Rights in all media and formats whether now known or hereafter created, and to make technical modifications necessary to do so. The Licensor waives and/or agrees not to assert any right or authority to forbid You from making technical modifications necessary to exercise the Licensed Rights, including technical modifications necessary to circumvent Effective Technological Measures. For purposes of this Public License, simply making modifications authorized by this Section [2\(a\)\(4\)](#) never produces Adapted Material.
 - 5. Downstream recipients.

- A. Offer from the Licensor – Licensed Material. Every recipient of the Licensed Material automatically receives an offer from the Licensor to exercise the Licensed Rights under the terms and conditions of this Public License.
 - B. No downstream restrictions. You may not offer or impose any additional or different terms or conditions on, or apply any Effective Technological Measures to, the Licensed Material if doing so restricts exercise of the Licensed Rights by any recipient of the Licensed Material.
6. No endorsement. Nothing in this Public License constitutes or may be construed as permission to assert or imply that You are, or that Your use of the Licensed Material is, connected with, or sponsored, endorsed, or granted official status by, the Licensor or others designated to receive attribution as provided in Section [3\(a\)\(1\)\(A\)\(i\)](#).

b. Other rights.

- 1. Moral rights, such as the right of integrity, are not licensed under this Public License, nor are publicity, privacy, and/or other similar personality rights; however, to the extent possible, the Licensor waives and/or agrees not to assert any such rights held by the Licensor to the limited extent necessary to allow You to exercise the Licensed Rights, but not otherwise.
- 2. Patent and trademark rights are not licensed under this Public License.
- 3. To the extent possible, the Licensor waives any right to collect royalties from You for the exercise of the Licensed Rights, whether directly or through a collecting society under any voluntary or waivable statutory or compulsory licensing scheme. In all other cases the Licensor expressly reserves any right to collect such royalties.

Section 3 – License Conditions.

Your exercise of the Licensed Rights is expressly made subject to the following conditions.

a. Attribution.

- 1. If You Share the Licensed Material (including in modified form), You must:
 - A. retain the following if it is supplied by the Licensor with the Licensed Material:
 - i. identification of the creator(s) of the Licensed Material and any others designated to receive attribution, in any reasonable manner requested by the Licensor (including by pseudonym if designated);
 - ii. a copyright notice;
 - iii. a notice that refers to this Public License;

- iv. a notice that refers to the disclaimer of warranties;
 - v. a URI or hyperlink to the Licensed Material to the extent reasonably practicable;
 - B. indicate if You modified the Licensed Material and retain an indication of any previous modifications; and
 - C. indicate the Licensed Material is licensed under this Public License, and include the text of, or the URI or hyperlink to, this Public License.
2. You may satisfy the conditions in Section [3\(a\)\(1\)](#) in any reasonable manner based on the medium, means, and context in which You Share the Licensed Material. For example, it may be reasonable to satisfy the conditions by providing a URI or hyperlink to a resource that includes the required information.
 3. If requested by the Licensor, You must remove any of the information required by Section [3\(a\)\(1\)\(A\)](#) to the extent reasonably practicable.
 4. If You Share Adapted Material You produce, the Adapter's License You apply must not prevent recipients of the Adapted Material from complying with this Public License.

Section 4 – Sui Generis Database Rights.

Where the Licensed Rights include Sui Generis Database Rights that apply to Your use of the Licensed Material:

- a. for the avoidance of doubt, Section [2\(a\)\(1\)](#) grants You the right to extract, reuse, reproduce, and Share all or a substantial portion of the contents of the database;
- b. if You include all or a substantial portion of the database contents in a database in which You have Sui Generis Database Rights, then the database in which You have Sui Generis Database Rights (but not its individual contents) is Adapted Material; and
- c. You must comply with the conditions in Section [3\(a\)](#) if You Share all or a substantial portion of the contents of the database.

For the avoidance of doubt, this Section [4](#) supplements and does not replace Your obligations under this Public License where the Licensed Rights include other Copyright and Similar Rights.

Section 5 – Disclaimer of Warranties and Limitation of Liability.

- a. **Unless otherwise separately undertaken by the Licensor, to the extent possible, the Licensor offers the Licensed Material as-is and as-available, and makes no representations or warranties of any kind concerning the Licensed Material, whether express, implied, statutory, or other. This includes, without limitation, warranties of title, merchantability, fitness for a particular purpose, non-infringement, absence of latent or other defects, accuracy, or the presence or absence of errors, whether or not known or discoverable.**

Where disclaimers of warranties are not allowed in full or in part, this disclaimer may not apply to You.

- b. To the extent possible, in no event will the Licensor be liable to You on any legal theory (including, without limitation, negligence) or otherwise for any direct, special, indirect, incidental, consequential, punitive, exemplary, or other losses, costs, expenses, or damages arising out of this Public License or use of the Licensed Material, even if the Licensor has been advised of the possibility of such losses, costs, expenses, or damages. Where a limitation of liability is not allowed in full or in part, this limitation may not apply to You.**
- c. The disclaimer of warranties and limitation of liability provided above shall be interpreted in a manner that, to the extent possible, most closely approximates an absolute disclaimer and waiver of all liability.

Section 6 – Term and Termination.

- a. This Public License applies for the term of the Copyright and Similar Rights licensed here. However, if You fail to comply with this Public License, then Your rights under this Public License terminate automatically.
- b. Where Your right to use the Licensed Material has terminated under Section [6\(a\)](#), it reinstates:
 - 1. automatically as of the date the violation is cured, provided it is cured within 30 days of Your discovery of the violation; or
 - 2. upon express reinstatement by the Licensor.

For the avoidance of doubt, this Section [6\(b\)](#) does not affect any right the Licensor may have to seek remedies for Your violations of this Public License.

- c. For the avoidance of doubt, the Licensor may also offer the Licensed Material under separate terms or conditions or stop distributing the Licensed Material at any time; however, doing so will not terminate this Public License.
- d. Sections [1](#), [5](#), [6](#), [7](#), and [8](#) survive termination of this Public License.

Section 7 – Other Terms and Conditions.

- a. The Licensor shall not be bound by any additional or different terms or conditions communicated by You unless expressly agreed.
- b. Any arrangements, understandings, or agreements regarding the Licensed Material not stated herein are separate from and independent of the terms and conditions of this Public License.

Section 8 – Interpretation.

- a. For the avoidance of doubt, this Public License does not, and shall not be interpreted to, reduce, limit, restrict, or impose conditions on any use of the Licensed Material that could lawfully be made without permission under this Public License.
- b. To the extent possible, if any provision of this Public License is deemed unenforceable, it shall be automatically reformed to the minimum extent

necessary to make it enforceable. If the provision cannot be reformed, it shall be severed from this Public License without affecting the enforceability of the remaining terms and conditions.

- c. No term or condition of this Public License will be waived and no failure to comply consented to unless expressly agreed to by the Licensor.
- d. Nothing in this Public License constitutes or may be interpreted as a limitation upon, or waiver of, any privileges and immunities that apply to the Licensor or You, including from the legal processes of any jurisdiction or authority.

Creative Commons is not a party to its public licenses. Notwithstanding, Creative Commons may elect to apply one of its public licenses to material it publishes and in those instances will be considered the “Licensor.” The text of the Creative Commons public licenses is dedicated to the public domain under the [*CC0 Public Domain Dedication*](#). Except for the limited purpose of indicating that material is shared under a Creative Commons public license or as otherwise permitted by the Creative Commons policies published at creativecommons.org/policies, Creative Commons does not authorize the use of the trademark “Creative Commons” or any other trademark or logo of Creative Commons without its prior written consent including, without limitation, in connection with any unauthorized modifications to any of its public licenses or any other arrangements, understandings, or agreements concerning use of licensed material. For the avoidance of doubt, this paragraph does not form part of the public licenses.
